Time

Start: 18:00 CET

End: 19:15 CET

Location

Online

Language

English

Overview

Prof Corten will lead a faculty comprised of his hospital colleagues to discuss his compelling OR efficiency model as implemented at his local facility in Genk, Belgium.

Delegates will not only hear from Prof Corten and his use of the DAA technique to improve efficiencies but also from his anaesthetist, OR Nurse plus his Hospital manager.

All will be able to describe the importance of a Team approach and a documented training curriculum that can achieve substantial efficiencies within the OR.

Delegate Criteria

Orthopaedic surgeons, Theatre Managers, OR Nurses, Hospital Managers, Payers who are committed to explore solutions to show significant improvements in OR efficiencies within their own facility.
